Process of Feedback on Facilities

Feedback on facilities

Process of Feedback on Facilities

Feedback process on facilities are done in three stages;

- Student feedback collection
- Analysis
- Corrective Actions

Feedbacks are collected from students about infrastructure once in an academic year in a systematic way. In addition, in every class committee meeting, feedbacks are collected.

Following facilities are covered in the feedback;

- Laboratories
- Class rooms and ambience
- Internet Facilities
- Hostels rooms, water supply, neatness
- Food Qualities (Mess and Cafeteria)
- Sports facilities, fitness centers.

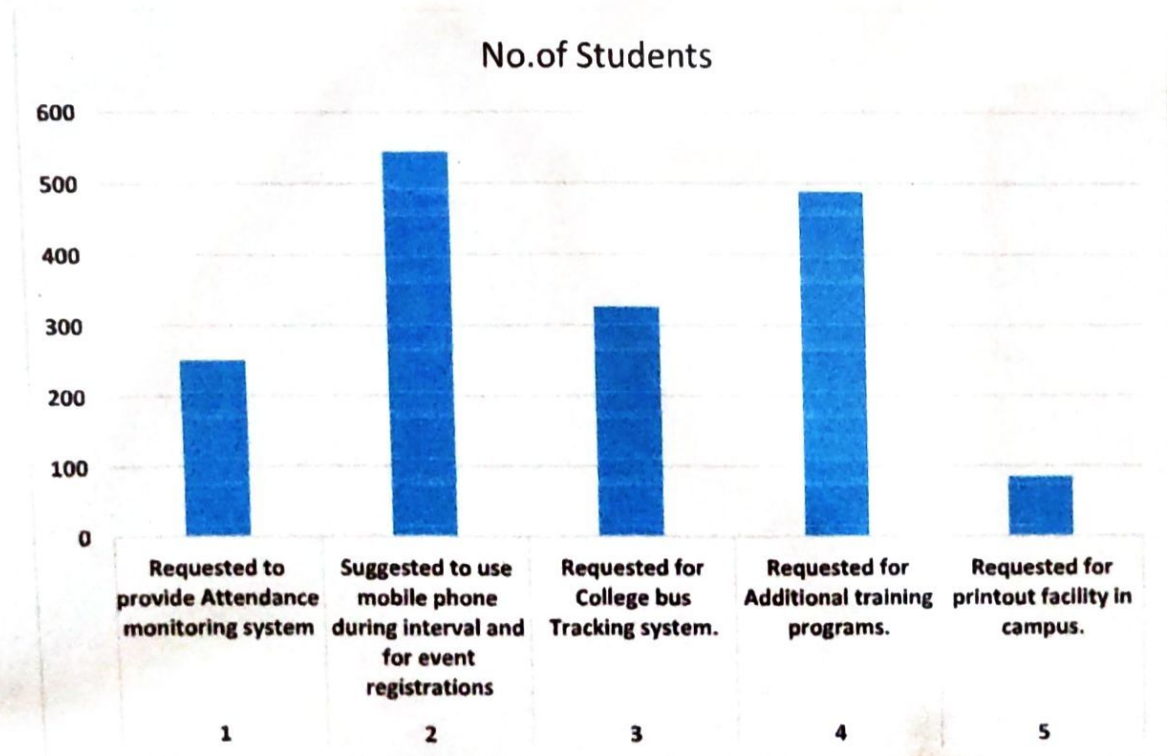

Feed Back on Infrastructure & Facilities

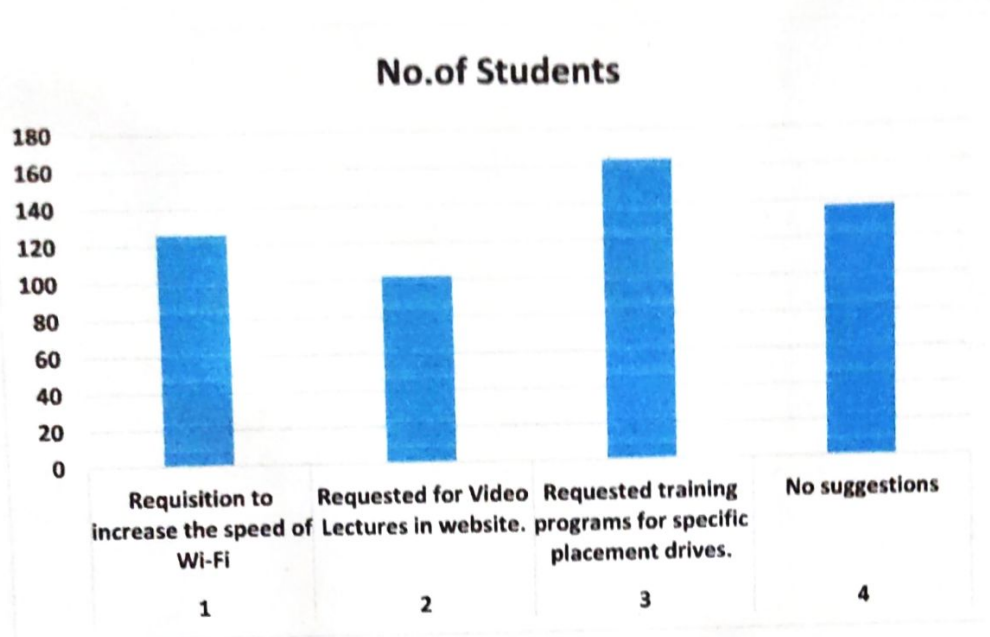

a) Analysis on Feedback on Infrastructure & Facilities

Academic Year 2023-2024

Suggestions given by the students in feedback on infrastructure & Facilities are:

Sl.No	Suggestions	No.of Students	% of Students
1	Requested to provide Attendance monitoring system	251	13.2
2	Suggested to use mobile phone during interval and for event registrations	545	28.6
3	Requested for College bus Tracking system.	326	17
4	Requested for Additional training programs.	489	25.7
7	No Suggestions	289	15.2

Actions taken:

- The speed of Wi-Fi is increased to 155 Mbps
- Video materials for all courses were uploaded in college website.
- Specific training for Placement was introduced.

The screenshot shows the 'Course Plan' page in the Camu system. The header includes the Rohini College of Engineering & Technology logo and name. A sidebar on the left lists navigation options: Enterprise, Students, Staff, Academic Plan (with sub-items: Teaching Content, Teaching Plans, Course Offering, Manage Advisors, Course offering configuration), Dashboard, Assignment, and Reports. The main content area features a search bar for chapters and a form with the following fields: Institution (Rohini College of Engineering & Technoic), Degree (Undergraduate), Program (B.Tech-Artificial Intelligence and Data...), Academic Year (2024-2025), Department (Artificial Intelligence and Data Science), Semester (Semester's), Section (A), and Course (AD3351 - DESIGN AND ANALYSIS OF...). Below the form, there are two progress bars: 'Progress' (green) showing 0/2 sub-chapters completed, 0 to complete, and 0 variance; and 'Planning' (blue) showing 2 total hours, 30 unplanned periods, and 2 unplanned topics. At the bottom, there is a staff charge field (HASEENA BEDI/A) and a note to select periods and click on assign.

Salient features used in the institution

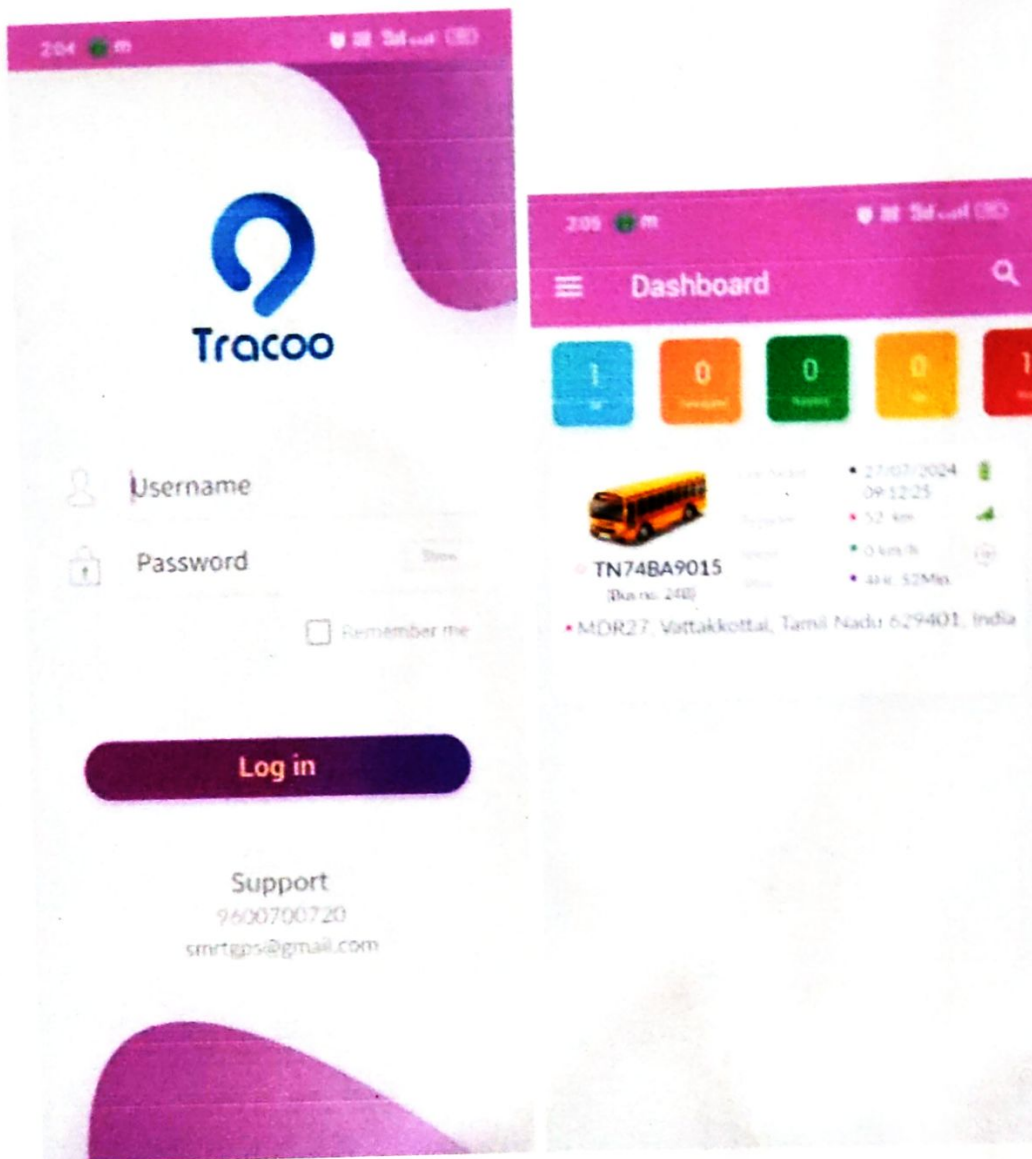

- 1. Virtual Classes:** Camu Educational Software has an in-built virtual classroom module for teachers to take classes online.
- 2. Staff Profile:** The educational management software has an in-built HR module to manage both academic and non-academic staff.
- 3. Student Records:** It offers complete visibility into a student's academics and extra-curricular activities and helps track the entire life cycle.
- 4. Academic Planner:** The outcome-based education or OBE module has an academic planner that lets the teacher plan & track the syllabus completion.
- 5. Assignments:** Tasks like creating & sharing assignments online can be easily managed through Camu.
- 6. Online Assessments:** Camu Educational Software provides a specialized controller of Examination module for performance assessment.

II) GPS bus tracking Installation in college buses

Trackoo GPS bus tracking system was installed in every college buses.

Trackoo provide real time Vehicle Tracking to track vehicles. With this we can always monitor the vehicle current state like vehicle position, vehicle state(Start/Stop/Move), Speed, A/C status.

It helps to Keep track of people, vehicles, and assets in real time. The LandAirSea's live GPS tracking devices can provide location update intervals as fast as 3 seconds at a time. Tracking the devices in real time is easy with the online tracking portal and easy-to-use mobile application, both powered by Google Maps.

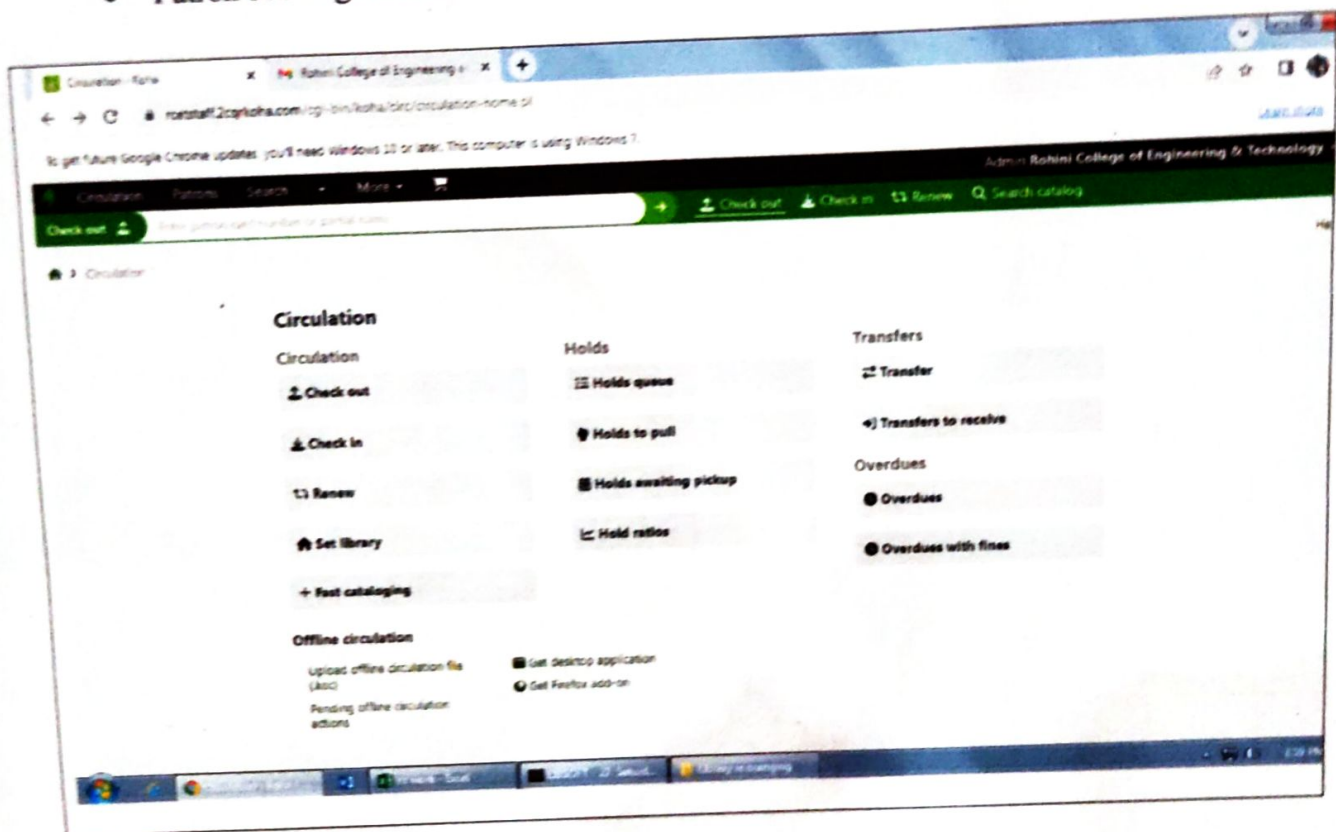

(III) Koha Library Automation software was installed in Central Library by June 2024

The most popular open-source library software in the world, Koha is compatible with existing databases and tools, fully customizable according to user needs, secure from external intrusions, and scales easily as our library grows. Koha offers librarians an affordable, yet high quality, alternative to commercial ILS while surpassing them in features, development, code-maturity, and professional and community support.

Koha has most of the features that including:

- Various Web 2.0 facilities like tagging, comment, social sharing and RSS feeds
- Union catalog facility

- Customizable search
- Online circulation
- Bar code printing
- Patron card creation
- Report generation
- Patron self-registration form through OPAC

FEEDBACK ON INFRASTRUCTURE & FACILITIES

Dear
student

Greetings from Rohini College of Engineering and Technology (RCET). It really makes us feel proud to have a student like you!

Our college is now going for Outcome Based Education (OBE) accreditation as per Washington Accord. It will largely benefit all the students of our college.. The Questionnaire is designed to survey the feedback of infrastructure and facilities provided by our college to you. Your feedback is valuable as it helps us to develop and improve our standards on facilities and services.

- 3.Average
- 4.Good
- Option 5

Suggestions for Improvement *

Everything is Good but correspondence course is not available for ME ...People those who are in job they can't do ME in RohiniAfter completion of BE 90% students will go for work so they are worrying about this particular message including my self . Iam interested to do my correspondence course in ME Industrial Safety but I can't do. So please provide correspondence course for ME. Thank you .
